INDEPENDENT AUDITORS' REPORT

To the Board of Directors of the
Rockland Tobacco Asset Securitization Corporation:

We have audited the accompanying statement of net assets of the Rockland Tobacco Asset Securitization Corporation ("RTASC"), a blended component unit of the County of Rockland, New York, as of December 31, 2010 and the related statements of revenues, expenses and changes in net assets and cash flows for the year then ended. These financial statements are the responsibility of the RTASC's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the RTASC's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the RTASC as of December 31, 2010 and the changes in its net assets and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

As discussed in Note 1, the financial statements present only the RTASC and do not purport to, and do not present fairly the financial position of the County of Rockland, New York as of December 31, 2010 and the changes in financial position and cash flows, thereof, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As more fully disclosed in Note 6, the only significant resource of the RTASC is the right to receive tobacco revenues. A reduction in these revenues would affect debt service coverage on the bonds. If the reduction were material, it could impair the ability of the RTASC to make planned principal payments on the Series 2001 bonds, Turbo Redemption payments on the Series 2005 bonds or even its ability to pay required maturities on each series as they are due. As a result, actual payments may not conform to either the planned principal payments on the Series 2001 bonds, Turbo Redemption payments on the Series 2005 bonds or the required maturity payments on each series.

Management's Discussion and Analysis (MD&A)
December 31, 2010

Introduction

As management of the Rockland Tobacco Asset Securitization Corporation ("RTASC"), we offer readers of the RTASC's financial statements this narrative overview and analysis of the financial activities of the RTASC for the fiscal year ended December 31, 2010. It should be read in conjunction with the financial statements, which immediately follow this section, to enhance understanding of the RTASC's financial performance.

Financial Highlights

- ❖ On the statement of net assets, the liabilities of the RTASC exceeded its assets at the close of the most recent fiscal year, resulting in a deficit of \$67,316,556. The deficit was increased by \$3,460,918, primarily due to the accretion of \$2,206,036 recorded as interest expense on the Series 2005 Capital Appreciation Bonds. Also, during the prior fiscal year, the "Downgrade Trapping Event" and the "Non-Participating Manufacturers Trapping Event", described more fully in Note 5 in the notes to financial statements, ended. A determination was made by legal counsel and approved by the bank trustees that \$2,000,000 of the amount held in the trapping account was eligible to be released to the County of Rockland on the residual certificate. This amount has been accrued in these financial statements and paid to the County of Rockland in March 2011. These were partially offset by revenues in excess of certain other expenses in the amount of \$745,118, from the recognition of Tobacco Settlement Revenues ("TSR's") of \$3,189,277 less operating expenses of \$109,147 and non-operating net interest expense, exclusive of accretion, of \$2,335,012.
- ❖ The Governmental Accounting Standards Board ("GASB") issued Technical Bulletin 2004-1, which clarified certain asset and revenue recognition criteria. Prior to the issuance of this bulletin, the RTASC had recognized as a receivable/revenue the present value of the future tobacco revenue stream. This bulletin required a reversal of this position, in that it promulgated that TSR's and the related asset only be recognized when the event giving rise to recognition (i.e. the shipment of cigarettes) occurs. Because annual TSR payments are based on cigarette sales from the preceding calendar year, the RTASC was prohibited from recognizing this future revenue stream as a receivable. Accordingly, the only revenue recognition allowed was for TSR payments to be received in the immediately succeeding fiscal year, as these payments were based on cigarette shipments in the year under audit. This had the effect of deferring revenue recognition, which results in the deficit position reflected on the statement of net assets. Over time, as TSR payments are received and the bonded indebtedness is retired, the deficit will be reduced.

Financial Statements

The *statement of net assets* presents information on the RTASC's assets and liabilities, with the difference between the two reported as *net assets*. The *statement of revenues, expenses and changes in net assets* presents information showing how the RTASC's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (for example, accounts receivable and accrued interest payable).

The notes to financial statements provide additional information that is essential to a full understanding of the data provided in the statement of net assets and the statement of revenues, expenses and changes in net assets. The notes to financial statements are located beginning on page 8 of this report.

Financial Analysis

Net assets decreased by \$3,460,918 in 2010, compared with a decrease of \$493,828 in 2009, a difference of \$2,967,090. This decrease from the prior year is primarily attributable to a reduction in the recognition of tobacco settlement revenues of \$783,757 (due to litigation initiated by the cigarette manufacturers with respect to the calculation of the annual payment), a decrease in the amount of interest income recognized of \$73,481 (due to the current interest rate environment), an increase in the amount of accretion from the prior year of \$139,142 (recorded as interest expense) and the recording of a \$2,000,000 liability to the County of Rockland to recognize the residual payment made in March 2011 due to the end of the trapping events.

Debt Administration

At the end of the current fiscal year, the RTASC had total gross bonded debt outstanding of \$168,843,290. RTASC was able to make its planned maturities payment of \$1,085,000, and to date has made principal payments of \$5,095,000.

Additional information on the RTASC's long-term debt can be found in Note 4 in the notes to financial statements.

Economic Factors

The bonds are payable only from the assets of the RTASC. RTASC's only source of funds for payments on the bonds is the collections of TSR's and amounts on deposit in pledged accounts (i.e. liquidity and debt service reserve accounts) pursuant to the indenture. If a participating manufacturer becomes a debtor in a bankruptcy case and defaults in making payments or cigarette consumption declines, funds available to RTASC to pay bondholders may be reduced or eliminated.

Requests for Information

This financial report is designed to provide a general overview of the RTASC's finances for all those with an interest in those finances. Questions and comments concerning any of the information provided in this report should be addressed to the Commissioner of Finance, Rockland County, 18 New Hempstead Road, New City, New York 10956.

NOTES TO FINANCIAL STATEMENTS

Note 1 - Nature of Business and Summary of Significant Accounting Principles

Nature of Business

The Rockland Tobacco Asset Securitization Corporation ("RTASC") is a special purpose, bankruptcy-remote local development corporation. RTASC was organized under the provisions of Section 1411 of the New York State Not-For-Profit Corporation Law and pursuant to the Public Authorities Law of the State of New York. The Board of Directors of RTASC consists of five members; two designees of the County of Rockland, New York's ("County") County Executive, one designee of the Chairman of the County's Board of Legislators, one designee of the Chairman of the Budget and Finance Committee of the County's Board of Legislators and a fifth director who meets certain requirements of independence and shall be designated by a majority of the other four members.

An agreement among the attorneys general of 46 states and various territories ("Settling States") and the four largest United States tobacco manufacturers was entered into on November 23, 1998. The agreement, known as the Master Settlement Agreement ("MSA"), resolved cigarette smoking-related litigation between the Settling States and U.S. Tobacco manufacturers. Pursuant to the MSA, the Settling States and the participating manufacturers agreed to settle all past, present and future smoking related claims in exchange for an agreement by the participating manufacturers to make certain payments. Under the MSA, the State of New York is entitled to receive approximately 12.76% of the initial and annual payments. The New York Consent Decree, which was entered into in the Supreme Court of the State of New York for the County of New York in December 1998, allocated 0.56% of this State-wide share of the initial and annual payments to the County and the remainder among the State, the City of New York and all other counties within the State.

During 2001, the County sold all of its future rights, title and interest to receive payments under the MSA and the Consent Decree to RTASC, which issued \$47,750,000 in Tobacco Settlement Asset-Backed Bonds, Series 2001 ("Series 2001"). The Series 2001 bonds are payable from and secured solely from pledged Tobacco Settlement Revenues ("TSR's").

The debt issued by RTASC to securitize these revenues is not considered debt of the County and is secured only by future tobacco settlement payments.

Entity Definition

Based on the guidance provided by Governmental Accounting Standards Board Technical Bulletin No. 2004-1, *Tobacco Settlement Recognition and Financial Reporting Entity Issues*, the RTASC is reported as a blended component unit of the County in its financial statements.

Basis of Presentation

A fund is an independent fiscal and accounting entity with a self-balancing set of accounts which comprise its assets, liabilities, net assets, revenues and expenses. The accounts of the RTASC are maintained on the accrual basis of accounting. Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. The RTASC applies all applicable Financial Accounting Standards Board pronouncements in accounting for and reporting on its operations.

NOTES TO FINANCIAL STATEMENTS (Continued)

Note 1 - Nature of Business and Summary of Significant Accounting Principles (Continued)

The accompanying financial statements present only the activities of the RTASC and do not purport to, and do not, present fairly the financial position of the County as of December 31, 2010 and the changes in its financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Equivalents

Cash and equivalents consist of demand deposit accounts, time deposit accounts, money market accounts and certificates of deposit with original maturities of three months or less.

Investments

All investments are stated at cost, which approximates fair value.

Restricted Cash and Equivalents and Investments

The terms of the Series 2001 bond indenture provide for the establishment of a liquidity reserve. The reserve was initially funded from the proceeds of the issuance of the Series 2001 bonds in an amount equal to \$3,525,944, the maximum annual debt service requirement based on planned principal payments.

Costs of Issuance

The costs of issuance of the Series 2001 bonds are being amortized over the planned maturities of the bonds, which is twenty-eight years. The costs of issuance of the Series 2005 bonds (see Note 5) are being amortized over the Turbo Redemption maturities of each series of the bonds, which range from twenty-two to thirty-five years.

Tax Status

The RTASC is exempt from federal income tax under Section 501 (a) of the Internal Revenue Code as a 501(c)(3) organization.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is March 25, 2011.

Note 3 - Restricted Investments

Restricted investments at December 31, 2010 consisted of the following -

Federal National Mortgage Association, due in February 2011, interest at 6.25%	<u>\$ 3,464,835</u>
-----------------------------------------------------------------------------------	---------------------

Note 4 - Bonds Payable

RTASC issued Series 2001 bonds on December 20, 2001 to finance the purchase of the tobacco rights from the County and the related costs of issuance. The bonds were issued for \$46,767,234, net of original issue and underwriters' discounts of \$982,766 and bear interest at rates ranging from 4.625% to 5.75%, depending on maturity. At December 31, 2010, \$41,989,099 in Series 2001 bonds (net of \$665,901 of unamortized original issue and underwriters' discounts) was outstanding.

During 2005, RTASC issued \$24,484,850 of Tobacco Settlement Asset-Backed Bonds, Series 2005 A, B and C (collectively "Series 2005"), net of underwriters' discount of \$507,590, the proceeds of which were used to pay certain costs of issuance related to the Series 2005 bonds and provide the County, the owner of the beneficial interest in the Residual Trust which holds the Residual Certificate, with the balance of the funds. The Series 2005 bonds are subordinate to both the Series 2001 bonds as well as the remaining balance of \$6,895,000 in Tobacco Settlement Asset-Backed Bonds, Series 2003 ("Series 2003") issued by the Rockland Second Tobacco Asset Securitization Corporation ("RRTASC"). No payments will be made on the Series 2005 bonds until such time that the Series 2001 and Series 2003 bonds have been paid in full.

The Series 2005 bonds outstanding at December 31, 2010 of \$34,572,174, inclusive of \$9,985,283 of cumulative accretion and net of \$405,549 of unamortized underwriters' discounts, are comprised of the following:

\$17,647,993 (net of unaccreted amounts of \$16,311,688) of Series 2005 A bonds due August 15, 2045 with a yield of 5.875% and a projected final Turbo Redemption date of August 15, 2027.*

\$4,007,330 (net of unaccreted amounts of \$8,878,670) of Series 2005 B bonds due August 15, 2050 with a yield of 6.625% and a projected final Turbo Redemption date of August 15, 2029.*

\$13,322,400 (net of unaccreted amounts of \$66,020,210) of Series 2005 C bonds due August 15, 2060 with a yield of 7.625% and a projected final Turbo Redemption date of August 15, 2040.*

*Assumes Turbo Redemption payments are made based on the receipt of surplus pledged TSR's in accordance with the Global Insight Base Case Forecast of future tobacco consumption.

A payment schedule, based upon planned maturities for the Series 2001 bonds and Turbo Redemption maturities for the Series 2005 bonds, is as follows:

Note 5 - Trapping Event

In accordance with the terms of the Series 2001 bond indenture a "Downgrade Trapping Event" occurs when any of the four largest United States tobacco manufacturers with a market share of 7% or more has a credit rating that falls below "Baa3" by Moody's or "BBB" by Standard & Poors. During 2003, the credit rating for one of these manufacturers, R.J. Reynolds Tobacco Holdings Inc., had fallen below these allowable thresholds and accordingly, a downgrade trapping event occurred. The indenture requires that, upon the occurrence of this event, 25% of the principal amount outstanding on the bonds be accumulated in a special account until one year after the end of the downgrade trapping event.

**ROCKLAND TOBACCO ASSET
SECURITIZATION CORPORATION
(A BLENDED COMPONENT UNIT OF THE
COUNTY OF ROCKLAND, NEW YORK)**

NOTES TO FINANCIAL STATEMENTS (Continued)

Note 5 - Trapping Event (Continued)

The terms of the Series 2001 bond indenture further provide for a "Non-Participating Manufacturer ("NPM") Trapping Event", which occurs when the aggregate market share of the NPM's exceeds 7%. During 2004, the aggregate market share of the NPM's exceeded 7% and accordingly, an NPM trapping event occurred. The indenture requires that, upon the occurrence of this event, that the lesser of 1) 6% of the principal amount of outstanding senior bonds for each full percentage point by which the aggregate NPM market share exceeds 7% or 2) 65% of such principal amount; which amount, as calculated immediately prior to the NPM trapping event ceasing to be in effect, shall remain the same for one year and thereafter be zero.

During 2009, the Downgrade Trapping Event and the NPM Trapping Event ended. During 2010, a determination was made by legal counsel and approved by the bank trustees that \$2 million of the amount held in the trapping account was eligible to be released to the County on the Residual Certificate as set forth in the "Flow of Funds" section of the Indenture.

Note 6 - Significant Contingencies

The enforceability of the rights and remedies of the State (and thus the bondholders) and of the obligations of a participating manufacturer under the MSA are subject to the Bankruptcy Code and the other applicable insolvency, moratorium or similar laws relating to or affecting the enforcement of creditors' rights. Some of the risks include risks of delay in or reduction of amounts of payment or of non-payment under the MSA and the risk that the State (and thus the County and/or RTASC) may be stayed for an extended time from enforcing any rights under the MSA and the Consent Decree or with respect to the payments owed by the bankrupt participating manufacturer or from commencing legal proceedings against the bankrupt participating manufacturer. As a result, if a participating manufacturer becomes a debtor in a bankruptcy case and defaults in making payment, funds available to RTASC to pay bondholders may be reduced or eliminated.

The Series 2001 and Series 2005 bonds are payable only from the assets of RTASC. The bonds are neither legal nor moral obligations of the County or the State of New York, and no recourse may be had thereto for payment of amounts owing on the bonds. RTASC's only source of funds for payments on the bonds is the collections and amounts on deposit in pledged accounts pursuant to the indenture. RTASC has no taxing power and no significant assets other than the rights to receive tobacco settlement revenues.
