INDEPENDENT AUDITOR'S REPORT

To the Mayor and the Trustees of
the Village Board of the
Village of Elmira Heights
Elmira Heights, New York

I have audited the accompanying financial statements of the governmental activities and each major fund of the Village of Elmira Heights, New York as of and for the year ended May 31, 2011. These financial statements are the responsibility of the Village of Elmira Heights's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

As discussed in Note-2 to the financial statements, management has not recorded certain postemployment benefits other than pensions in governmental activities and, accordingly, has not recorded expenses related to those costs. Accounting principles generally accepted in the United States of America require that these postemployment costs be recorded as liabilities and the related costs be expensed, which would increase liabilities, decrease net assets, and increase expenses. The amount by which this departure would affect the liabilities, net assets and expenses of the governmental activities is not reasonably determinable.

In my opinion, because of the effects of the matter discussed in the proceeding paragraph, the financial statements referred to previously do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the governmental activities of the Village of Elmira Heights, New York, as of May 31, 2011, or the changes in financial position thereof for the year then ended.

In addition, in my opinion, the financial statements referred to previously, present fairly, in all material respects, the respective financial position of each major fund of the Village of Elmira Heights, New York, as of May 31, 2011, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Accounting principles generally accepted in the United States of America require that the managements's discussion and analysis and budgetary comparison information on pages 3-7 and 28-29, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's response to our inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

October 26, 2011

Richard McNeilly, CPA

VILLAGE OF ELMIRA HEIGHTS
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Year Ended May 31, 2011

Our discussion and analysis of the Village of Elmira Heights, New York's financial performance provides an overview of the Village's financial activities for the year ended May 31, 2011. This document should be read in conjunction with the Village's financial statements.

FINANCIAL HIGHLIGHTS

The Village's net assets increased \$151,859 as a result of this year's activity.

The assets of the Village exceeded its liabilities by \$1,523,931 (net assets) at the end of May 31, 2011. Of this amount, \$1,325,997 is unrestricted net assets.

No new debt was issued during the year and no major capital assets were purchased either.

At the end of the year unreserved fund balance of the general fund was \$674,210, of which \$29,867 was appropriated for the 2011/2012 fiscal year budget.

USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements. The statement of net assets and the statement of activities provide information about the activities of the Village as a whole and present a longer-term view of the Village's finances. Fund financial statements start on page 11. For governmental activities, these statements tell how these services were financed in the short-term as well as what remains for future spending. Fund financial statements also report the Village's operations in more detail than government-wide statements by providing information about activities for which the Village acts as a trustee or agent for the benefit of those outside of the government.

REPORTING THE VILLAGE AS A WHOLE

The Statement of Net Assets and the Statement of Activities

Our analysis of the Village as a whole begins on page 8. The statement of net assets and the statement of activities report information about the Village as a whole and about its activities. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the Village's net assets and changes in them. You can think of the Village's net assets - the difference between assets and liabilities - as one way to measure the Village's financial health, or financial position. Over time, increases or decreases in the Village's net assets are one indicator of whether its financial health is improving or deteriorating. You will need to consider other non-financial factors, however, such as changes in the Village's property tax base and the condition of the Village's roads and infrastructure, to assess the overall health of the Village. In the statement of net assets and statement of activities, the Village's only activities relate to governmental activities:

Governmental activities - Most of the Village's basic services are reported here, including public safety, public works, economic assistance, culture and recreation, home and community service and general administration. Property taxes, sales taxes, franchise fees, usage fees and state and federal grants finance most of these activities.

REPORTING THE VILLAGE'S MOST SIGNIFICANT FUNDS

Fund Financial Statements

Our analysis of the Village's major funds begins on page 11, and provides detailed information about the most significant funds - not the Village as a whole. Some funds are required to be established by state law and by covenants. However, the Village board may establish other funds to help it control and manage money for particular purposes. The Village's only type of funds is governmental.

Governmental Funds - Most of the Village's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial resources that can be readily converted to cash. The governmental fund statements provide a detailed short-term view of the Village's general government operations and the basic services it provides. Governmental fund information helps you to determine whether there are more or fewer financial resources that can be spent in the near future to finance the Village's programs. We describe the relationship (of differences) between governmental activities (reported in the statement of net assets and the statement of activities) and governmental funds in reconciliations on pages 13 and 16.

THE VILLAGE AS TRUSTEE

Reporting the Village's Fiduciary Responsibilities

The Village is the trustee, or fiduciary, for its employees' deferred compensation plan. It is also responsible for other assets that - because of a trust arrangement - can only be used for the trust beneficiaries. All of the Village's fiduciary activities are reported in a separate statement of fiduciary net assets on page 17. We exclude these activities from the Village's other financial statements because the Village cannot use these assets to finance its operations. The Village is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

THE VILLAGE AS A WHOLE

The Village's combined net assets increased from \$1,372,072 to \$1,523,931.

Village of Elmira Heights's Net Assets

	Governmental Activities	
	2011	2010
Current Assets	\$ 1,403,295	\$ 1,032,609

THE VILLAGE'S FUNDS

As the Village completed the year, its governmental funds (as presented in the balance sheet on pages 11-12) reported a combined fund balance of \$ 1,375,811.

GENERAL FUND BUDGETARY HIGHLIGHTS

The significant variances between the originally adopted budget for the year ended May 31, 2011 and the final actual results were caused as follows:

Differences in revenue between the original budget and the actual are a result of better than anticipated sales tax revenue and less departmental income.

Differences in expenditures between the original budget and actual were the results of increased emphasis on minimizing increases in expenditures.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The Village's elected and appointed officials considered many factors when setting the fiscal year 2011-2012 budget. The budget appropriations were \$2,800,195 an increase of four percent over the prior year's appropriations. The tax levy had a 1.99% increase and \$28,867 of the unappropriated fund balance was used to balance the budget. Such decision was made in order to keep property taxes at the lowest level as possible for services provided by the Village.

CONTACTING THE VILLAGE'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, creditors and other users with a general overview of the Village's finances and to show the Village's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact the mayor, the chief fiscal officer of the Village of Elmira Heights at 215 Elmwood Avenue, Elmira Heights, NY 14903.

VILLAGE OF ELMIRA HEIGHTS
NOTES TO FINANCIAL STATEMENTS
MAY 31, 2011

Note 1 - Summary of Significant Accounting Policies

The financial statements of the Village of Elmira Heights, New York have been prepared in conformity with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB). In June 1989 the GASB issued Statement 34 "Basic Financial Statements-and Management's Discussion and Analysis-for State and Local Governments" and Statement 35 "Basic Financial Statements-and Management's Discussion and Analysis-for Public Colleges and Universities". These statements establish new financial reporting requirements for state and local governments and public colleges and universities throughout the United States. They require new information and restructure much of the information that governments have presented in the past. Comparability with reports issued in prior years is affected.

The accompanying financial statements present the financial position of the Village and the various funds and fund types, the results of operations of the Village and the various funds and fund types. The financial statements are presented as of May 31, 2011, and for the year then ended. The financial statements include the various agencies and any other organizations governed by the Elmira Heights Trustees.

A. Financial Reporting Entity.

The Village of Elmira Heights New York, which was established in 1896, is governed by its Charter and other general laws of the State of New York and various local laws. The Board of Trustees is the legislative body responsible for the overall operation of the Village. The Mayor serves as chief executive officer and as chief fiscal officer of the Village.

The Village provides the following basic services: law enforcement, economic assistance, maintenance of Village roads and parks, building codes, fire safety and trash removal. All government activities and functions performed for the Village of Elmira Heights are its direct responsibility. No other governmental organizations have been included or excluded from the reporting entity.

The financial reporting entity consists of (a) the primary government which is the Village of Elmira Heights, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete as set forth in GASB Statement 14.

VILLAGE OF ELMIRA HEIGHTS
NOTES TO FINANCIAL STATEMENTS
(CONTINUED)
MAY 31, 2011

The decision to include a potential component unit in the Village of Elmira Heights's reporting entity is based on several criteria set forth in GASB 14 including legal standing, fiscal dependency, and financial accountability. Based on the application of these criteria, the Elmira Heights Urban Renewal Agency is included in the reporting entity and is blended into the village's financial statements. It administers federal grants under the U.S. Department of Housing and Urban Development. The year end for the Agency is June 30, 2011. Complete financial statements of this Agency can be obtained from its administrative office located in the Village of Elmira Heights.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (the statement of net assets and the statement of activities) report information of all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these government-wide financial statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function, segment or component unit are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function, segment, or component unit. Program revenues include charges to customers who purchase, use or directly benefit from goods or services provided by a specific function, segment, or component unit. Program revenues also include grants and contributions that are restricted to meeting the operational or capital requirements of a particular function, segment or component unit. Taxes and other items not properly included among program revenues are reported instead as general revenues. Resources that are dedicated internally are reported as general revenues rather than as program revenues. The Village does not allocate general government (indirect) to other functions.

Separate financial statements are provided for governmental funds.

C. Measurement Focus, Basis of Accounting
and Financial Statement Presentation

Government-Wide Financial Statements - The governmental-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

(CONTINUED)
MAY 31, 2011

Governmental Fund Financial Statements - The Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible or soon enough thereafter to pay liabilities of the current period. For this purpose, the Village considers revenues to be available if they are collected within 60 days of the end of the current fiscal year end. Principal revenue sources considered to be susceptible to accrual include federal grants, state grants, and sales and property taxes. Other revenues have been accrued in accordance with generally accepted accounting principles since they have been earned and are expected to be collected within 60 days of the end of the period.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. Modifications to the accrual of accounting include:

- Employees' vested annual leave is recorded as an expenditure when utilized. The amount of accumulated annual leave unpaid at May 31, 2011, has been reported in the governmental funds for the portion estimated to be used in the following year and in the government-wide financial statements for the long-term liability.
- Interest on general long-term obligations is recognized when paid.
- Executory purchase orders and contracts are recorded as a reservation of fund balances.
- Debt service expenditures and claims and judgements are recorded only when payment is due.

D. Fund Accounting

The accounts of the Village are organized on the basis of funds each of which is considered a separate accounting entity. The operations of each fund are accounted for within a separate set of self-balancing accounts that comprise its assets, liabilities, and where appropriate, fund balance/retained earnings, revenues and expenditures/expenses which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations. The various funds are summarized by type in the financial statements. The following fund types:

1. Governmental Funds

Governmental funds are those through which most governmental functions of the Village are financed. The acquisition, use and balances of the Village's expendable financial resources and the related liabilities are accounted for through governmental funds. The measurement focus of the governmental funds is upon determination of financial position and changes in financial position. The following are the Village's governmental fund types:

VILLAGE OF ELMIRA HEIGHTS
NOTES TO FINANCIAL STATEMENTS
(CONTINUED)
MAY 31, 2011

a. General Fund - The general fund is the principal fund and includes all operations not required to be recorded in other funds.

b. Special Revenue Funds - Special revenue funds are used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specified purposes. The special revenue funds of the Village include the Elmira Heights Urban Renewal Agency.

2. Fiduciary Fund Type

Trust and Agency Funds - used to account for funds held in trust and subsequent distributions, transmittal or release to other governments, individuals or to other funds.

3. Financial Statement Reporting Periods

The accompanying financial statements of the Village are presented as of May 31, 2011, and for the year then ended. The Elmira Heights Urban Renewal Agency's fiscal year end is June 30, 2011.

E. Property Taxes

Village real property taxes are levied annually no later than June 1 and become a lien on January 1. Taxes are collected during the period June 1st to no later than November 1st. Unpaid Village taxes are turned over to the county for enforcement. Any such taxes remaining unpaid at year end are relieved as county taxes in the subsequent year.

F. General Budget Policies

1. The Village employs the following budgetary procedures:

a. No later than March 15, the budget office submits a tentative budget to the board of Trustees the fiscal year commencing the following June 1. The tentative budget includes proposed expenditures and the proposed means of financing them. The budget is prepared on a departments basis.

b. After public hearings are conducted to obtain taxpayer comments, but no later than May 20, the trustees adopt the annual budget.

c. All revisions that alter appropriations of any department or fund must be approved by the trustees.

d. Budgetary controls are established for the capital projects funds through resolutions authorizing individual projects.

e. No budgets are approved for the special revenue fund.

VILLAGE OF ELMIRA HEIGHTS
NOTES TO FINANCIAL STATEMENTS
(CONTINUED)
MAY 31, 2011

2. Budget Basis of Accounting

Except as indicated below, budgets are adopted annually on a basis consistent with generally accepted accounting principles. Appropriations authorized for the current year are increased by the amount of encumbrances carried forward from the prior year, if any.

Budgetary control for the special grant fund is established in accordance with the applicable grant agreement which covers a period other than the Village's fiscal year.

G. Inventories

Inventories of materials and supplies are determined by physical counts. Inventories are valued at cost on the first-in first-out basis.

H. Compensatory Absences

Compensated vacation and sick leave absences are recorded as expenditures and as a liability in governmental funds as funds are accumulated. The government wide financial statements present the cost of accumulated vacation and sick leave as a liability. The liability for compensated absences increased by \$25,638 to \$150,604 at year end.

I. Capital Assets

Capital assets , which include property, plant, equipment, and infrastructure assets are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Purchased and constructed capital assets are valued at historical cost or estimated historical cost. Donated fixed assets are recorded at their fair market value at the date of donation.

Capital assets utilized in the governmental funds are recorded as expenditures in the governmental fund financial statements. Depreciation expense is recorded in the government-wide financial statements. Capital assets of the primary and the component units are depreciated on the straight-line method over the assets' estimated useful life. There is no depreciation recorded for land and construction in progress.

MAY 31, 2011

J. Post Employment Benefits

In addition to providing pension benefits, the Village provides health insurance coverage and survivor benefits for retired employees and their survivors. Substantially all of the Village's employees become eligible for these benefits if they reach normal retirement age while working for the Village. The Village recognizes the cost of providing benefits by recording its share of insurance premiums as expenditures in the year paid. Note that the Village has not adopted the provisions of Governmental Accounting Standards Board's Statement Number 45, "Accounting and Reporting by Employers' for Post Retirement Benefits Other Than Pensions".

K. Subsequent Events

The Village has conducted an evaluation of potential subsequent events occurring after the statement of net assets date through October 26, 2011, which is the date the financial statements are available to be issued. No subsequent events requiring disclosure were noted.

Note 2 - Departure From Generally Accepted Accounting Principles

The Village's financial statements do not include the provisions of Governmental Accounting Standards Board's Statement Number 45, "Accounting and Reporting by Employers' for Post Retirement Benefits Other Than Pensions". Such statement requires the reporting of a liability and annual expenses related to the costs of retirees' health insurance benefits similar to the method used to record pensions. The statement of net assets and the statement of activity for governmental activities do not include these provisions. The effect on the financial statements for the liability and associated expenses is not reasonably determinable.

Note 3 - Detail Notes on All Funds and Account Groups

A. Assets

1. Cash and Credit Risk

The Village's investment policies are governed by state statutes. The Village's monies must be deposited in FDIC-insured commercial banks or trust companies located within the state. The Village is authorized to use demand accounts and certificates of deposit. Permissible investments include obligations of the U.S. Treasury and U.S. Agencies, repurchase agreements, and obligations of New York State or its localities,

VILLAGE OF ELMIRA HEIGHTS
 NOTES TO FINANCIAL STATEMENTS
 (CONTINUED)
MAY 31, 2011

Collateral is required for demand deposits and certificates of deposit at 105 percent of all deposits not covered by federal deposit insurance. Obligations that may be pledged as collateral are obligations of the United State and its agencies and obligations of the State and its municipalities and school districts.

The written investment policy requires repurchase agreements to be purchased from banks located within the State and that underlying securities must be obligations of the federal government. Underlying securities must have a market value of at least 105 percent of the cost of the repurchase agreement.

Deposits and investments at year-end were entirely covered by federal depository insurance or by collateral held by the Village's custodial bank in the Village's name. They consisted of:

Deposits. All deposits including certificates of deposit are carried at cost.

<u>Fund</u>	<u>Bank Balance</u>	<u>Carrying Amount</u>	
General	\$ 250,000	\$ 250,000	Insured (FDIC)
Trust & Agency	6,600	10,000	Collateral Held
General	602,081	635,000	Collateral Held
Special			
Revenue	250,000	250,000	Insured (FDIC)
Special			
Revenue	353,034	378,163	Collateral Held

2. Restricted Cash

Restricted cash in the general fund of \$98,567 consists of cash set aside for repairs.

3. Account Receivable

The Village participates in a variety of federal and state programs that enable it to receive grants to partially or fully finance activities of the Village which include issuing economic loans. The amounts due from businesses as of June 30, 2011 are summarized below:

Housing Rehab Loans	\$ 14,073
Economic Loans	171,670
Total Loans	<u>185,743</u>
Less: Allowance for Uncollectables	-0-
Net Notes Receivable	<u>\$ 185,743</u>

During the year ended June 30, 2011, no of loans were written off by the agency as uncollectable. The current portion of the notes receivable is \$34,333.

VILLAGE OF ELMIRA HEIGHTS

Buildings and improvements	1,906,788	(186,903)	1,719,885
Machinery and equipment	2,244,341	22,437	2,266,778
Infrastructure	182,748	-0-	182,748
Total depreciable assets	<u>4,333,877</u>	<u>(164,466)</u>	<u>4,169,411</u>
Less accumulated depreciation:			
Buildings and improvements	1,733,542	(18,527)	1,715,015
Equipment	1,267,324	107,474	1,374,798
Infrastructure	49,353	5,466	54,819
Total accumulated depreciation	<u>3,050,219</u>	<u>94,413</u>	<u>3,144,632</u>
Governmental activities capital assets, net	<u>\$ 1,305,658</u>	<u>\$ (258,879)</u>	<u>\$ 1,046,779</u>

Current period depreciation expense was charged to functions of the primary government as follows:

Governmental activities:	
General government support	\$ 2,364
Public safety	83,213
Transportation	<u>27,529</u>
Total depreciation expense - governmental activities	<u>\$ 113,106</u>

B. Liabilities

1. Pension Plan

The Village of Elmira Heights participates in the New York State Employees' Retirement System (NYSRSSL). This is a cost sharing multiple public employer retirement system. Obligations of employers and employees to contribute and benefits to employees are governed by the New York State Retirement and Social Security Law (NYSRSSL). As set forth in the NYSRSSL, the Comptroller of the State of New York serves as sole trustee, and administrative head of the Systems. The Comptroller shall adopt and may amend rules and regulations for the administration and transaction of the business of the systems and for the custody and control of their funds. The Systems issue a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the New York State and Local Retirement Systems, Gov. Alfred E. Smith Office Building, Albany, NY 12244.

VILLAGE OF ELMIRA HEIGHTS
 NOTES TO FINANCIAL STATEMENTS
 (CONTINUED)
MAY 31, 2011

Funding Policy

The Systems are noncontributory except for employees who joined the New York State and Local Employees' Retirement System after July 27, 1976 who contribute 3% of their salary. Under the authority of the NYSRSSL, the Comptroller shall certify annually the rates expressed as proportions of payroll of members, which shall be used in computing the contributions required to be made by employers to the pension accumulation fund.

The Village of Elmira Heights is required to contribute at an actuarially determined rate. The required contributions for the current year and preceding years were:

	ERS & P&F
2011	\$ 140,913
2010	\$ 99,852
2009	\$ 105,954

The Village's contributions made to the Systems were equal to 100 percent of the contributions required for each year.

Since 1989, The System's billings have been based on Chapter 62 of the Laws of 1989 of the State of New York. This legislation requires participating employers to make payments on a current basis, while amortizing existing unpaid amounts relating to the System's fiscal years ending March 31, 1988 and 1989 over a 17 year period, with an 8.75% interest factor added. There is no unpaid liability at May 31, 2011.

2. Deferred Revenues

In the special revenue fund deferred revenues consist of notes receivable not available to pay current liabilities at year end of \$185,743.

3. Long Term Debt

Changes in long term debt for the year ended May 31, 2011 are as follows:

Balance May 31, 2010	\$1,007,576
Principal Paid	(60,164)
New Debt Issued	<u>-0-</u>
Balance May 31, 2011	<u>\$ 947,412</u>

VILLAGE OF ELMIRA HEIGHTS
 NOTES TO FINANCIAL STATEMENTS
 (CONTINUED)
 MAY 31, 2011

Outstanding debt at May 31, 2011 is as follows:

Description	Date	Interest	Original Amount	Outstanding May 31, 2011
Capital Lease Sweeper	5/8/07	5.51%	148,400	67,412
Public Imp. Bond	6/15/08	4.375%	840,000	800,000
Statutory Inst. Bond	6/6/08	3.65%	100,000	80,000
Total				<u>\$ 947,412</u>

The following table summarizes the Village's future debt service requirement as of May 31, 2011:

Year Ending	Principal	Interest
2012	\$ 61,276	\$ 41,546
2013	62,449	38,696
2014	68,687	35,670
2015	45,000	32,468
2016	45,000	30,206
2017-21	240,000	121,557
2022-26	245,000	71,019
2027-28	180,000	12,674

C. Fund Equity

Reservation of Fund Balances - General Fund

Fund balances are reserved for specific purposes at year end. Fund balance reservations at year end are for compensated absences, repairs and vehicle replacement. See also footnote on restricted cash.

D. Prior Period Adjustment

The health insurance charge for May, 2010, was not recorded in the prior year causing a charge to the beginning fund balance of \$22,861.
